PM ANALYSIS & VERDICT

BULL CASE:

- + ROCE 32.3% — exceptional capital efficiency for consumer electronics
- + Promoter holding 85% — LG Korea fully committed
- + Strong FCF (Rs 549 Cr) — self-funding growth
- + AC market leader in India — structural demand growth (penetration <10%)
- + Multiple analyst meets next week — could trigger further re-rating

BEAR CASE:

- RSI 73.2 at 52-week high — short-term pullback likely after +7.8% day
- P/E 63.1x — premium valuation, limited margin of safety
- Revenue growth slowing (6% YoY vs 14% prior year)
- PAT declined FY26 (Rs 1,685Cr vs Rs 2,203Cr FY25) — margin pressure
- Low float (15%) — volatile, illiquid for large positions

VERDICT: SHORT-TERM HOLD, BUY ON PULLBACK TO Rs 1,500-1,550

Model signal: HOLD (rl_raw=-0.095, cls_prob=40.7%)
Mean-reversion entry: wait for RSI < 40 after this spike
